Students Feedback on facility (2019-2020):

- Student's feedback on facilities is important as students are the main stakeholders in the campus and they are the largest group that study and live on campus. The facilities feedback form is for students' comments and suggestions regarding classroom facilities, laboratory facilities, library facilities, hostel and dining facilities, basic and general amenities, infrastructure, internet facilities, sports and other facilities. Feedback on facilities is collected from the final year students and it is analysed in detail by the Head of the Department and it is submitted to the Principal.
- Excellent, Good, Satisfactory, Average, Poor are the options given in the feedback system for the students to give their opinion about the facilities.
- Feedback given by the students on institution and department facilities are collected and the observations are consolidated
- The recorded observations are discussed in the planning and monitoring board meeting to make necessary actions on creating the facilities.
